

Hebei Leiman Filter Material Co., Ltd.
One Stop Solution Designer to Filter Production

PLCQ-1

Toyota Air Filter Cutting Machine

Product Name	PLCQ-1
Production Capacity	0.008 m/s
Max. Cutting Force	Up to 300 kN
Stamping Adjustment Range	5–60 mm
Board To Workbench Distance	40–140 mm
Motor Power	120 kW
Working Air Pressure	0.8 MPa
Power Supply	380/50 V/Hz
Liquid Oil Capacity	50 L
M/C Size (L × W × H)	900 × 1000 × 1400 mm

Applications

This equipment is mainly used for industrial die cutting cotton textiles, hard paper or other non-metal type punching and cutting.
