HOT MELT ADHESIVE SYSTEMS

Features

- **Capacity reference:** 20 L tank reference for adhesive storage and supply planning.
- **Pump & hose options:** Single- or dual-pump and 2- or 4-hose connection options.
- **Electrical configuration:** 15 kW heater and AC 380 V, 50/60 Hz reference supply.
- **Installation planning:** 926 × 578 × 935 mm reference size; hoses and applicators are specified per project.

Applications

Review selected packaging, bookbinding, woodworking, textile or foam lamination, filter bonding and general assembly applications. Adhesive grade, viscosity, substrates, applicator and line conditions require project review. This supply unit is one part of the complete process and is not automatically suitable for reactive PUR.
