HOT MELT ADHESIVE SYSTEMS

Features

- **Capacity reference:** 30 L tank reference for a configured hot melt supply setup.
- **Pump & hose options:** Single- or dual-pump and 2- or 4-hose connection options.
- **Electrical configuration:** 20 kW heater and AC 380 V, 50/60 Hz reference supply.
- **Installation planning:** 955 × 680 × 1266 mm reference size; match the system to actual adhesive demand.

Applications

Discuss packaging, binding, woodworking, textile or foam lamination, selected interior components, filters and general assembly. Review adhesive grade, substrates, application head, consumption and host-line timing; agree sample trials. Tank volume does not establish sustained output or line speed. Reactive PUR compatibility must be assessed separately.

Specification

- **Product Name:** PLM-30L
- **Tank capacity:** 30 L
- **Heater Power (reference):** 20 kW
- **Power Supply (reference):** AC 380 V 50/60 Hz
- **Machine Dimensions (L × W × H, reference):** 955 × 680 × 1266 mm
- **Machine Weight (reference):** 218 kg
- **Hose connection options:** 2 or 4
- **Metering pump options:** Single or dual pump
