

PLM-MFT-1

Automatic Clip Forming Machine

Specification

- Product Name: PLM-MFT-1
- Speed: 800–1000 pcs/hour
- Power: 3–380 V, 3 kW
- Gas Consumption: 7.5 L/min
- Size: 1100 × 500 × 1300 mm
- Weight: 340 kg

Features

- High-precision cutting. Length accuracy controlled within ± 1 mm.
- Servo drive system. Stable and precise performance with adjustable servo control.
- Intuitive HMI. Easy-to-use touch screen for quick parameter setup.
- Auto counting & detection. Enables continuous, unattended operation with real-time counting feedback.
- Automatic feeding. Built-in auto-feeding frame boosts efficiency and reduces labor.

Application

- Mainly used for clip strip forming in bag-type air filter production, ensuring stable, efficient, and precise processing for various manufacturing needs.
