PLM-PUR-20L

PUR Hot Melt Adhesive Supply System

PLM brand appearance concept.
Final configuration subject to confirmation.

Scan for product details

HOT MELT ADHESIVE SYSTEMS

Features

- **Reactive PUR reference:** Nominal 20 L supply reference; match the supply structure to the adhesive packaging.
- **Pump & hose options:** Single- or dual-pump and 2- or 4-hose connection options.
- **Electrical configuration:** 20 kW heater and AC 380 V, 50/60 Hz reference supply.
- **Operating procedures:** Confirm moisture protection, shutdown and cleaning procedures for the selected adhesive.

Applications

Discuss reactive PUR processes for bookbinding, furniture or woodworking, textile or foam lamination, selected interior components, filters or general assembly. Match adhesive grade, substrates, supply architecture, application head and curing requirements. Compatibility is not established for every PUR grade or line; confirm container and follower-plate dimensions where applicable.

Specification

- **Product Name:** PLM-PUR-20L
- **Nominal capacity reference:** 20 L nominal
- **Heater Power (reference):** 20 kW
- **Power Supply (reference):** AC 380 V 50/60 Hz
- **Machine Dimensions (L × W × H, reference):** 993 × 580 × 1455 mm
- **Machine Weight (reference):** 218 kg
- **Hose connection options:** 2 or 4
- **Metering pump options:** Single or dual pump
